When I think back to my childhood it is always a pleasant thought thanks to my caring family. You and uncle Larry have been such great role models for me growing up. Margaret you have so much character, I have so much respect for you for standing beside and being so strong for uncle Larry for all these years. I know it hasn't been an easy road, but you have handled the situation like a "Saint". Thank you for being such a great person. I just hope when the time comes for me to step up and be that rock, I can do so with the poise and love that you have. I apologize for not being more support for you and Teresa and I hope you will forgive me for that. Please know that you and uncle Larry have a very special place in my heart. I will always remember him smiling and being in a great mood. I love you guys very much.
