The camping trips to Lake Travis, the parties at Rio Villa, the cook offs, the rest is top secret. I just remember referring to Donna's home as Donna and Ernie's. I will still call it Donna and Ernie's. Always smiling. She ain't gone, look around at her sons. They look just like her. I'll forever miss you Donna Breaux.

Where do I begin?? Thanks for ALL the memories we've made thru the years!! I think about our beach house trips, our camping trips, our parties when the kids were REALLY young...we laughed, we cried, we talked...(man did we have some stories)...we drank...(sometimes too much)...and we'd hold each others hair!!! Lake Travis camping...jumping off the big rock!!! We even did "tents" back then!!! Thanks for being such a wonderful, sweet, loving friend!! I too am one of the people you waited on the FIRST time I was at your house...then it became my home!!! I always knew I could just stop by unannounced (but I was going to be there a while...because we talked...and talked)!! There will never be another Donna...you are one of a kind!! Thanks for always being the caring, warm person that you are!! Even though having kids and being busy with life...EVERYTIME I saw you, it was like we never skipped a beat!! We'd just pick up where the last conversation left off. You will be so GREATLY missed my friend...because you were so GREATLY loved!! You were an Angel here on earth...Heaven gained a SPECIAL one!! My heart hurts... Sending Prayers and Hugs to Breaux, Ervin and Zach and family!!! Love your friend, Vicki

I met Donna 35 years at a party at her house. Donna would tell everyone that came to her house, I will wait on you the first time at my house and then after that you were on your own to get what ever you wanted. Her home was your home. Donna and I hit it off right away and soon a VERY special friendship formed that has been there for 35 years and will continue to be. I have had so many memories at any one given time of the day or night, come rushing over me, from Donna, Laura and myself running up to what was the Safeway store at the corner to get bottles of wine (large ones at that) and try our best to finish them before we got back to Donna's house, to Donna trying (unsuccessfully) to teach me how to drive a stick on one of our many trips to San Antonio, to teaching me how to make her stuffed bell peppers, to just being there when my life was upside down. She had a way like that. Donna loved telling and laughing at all the old stories of the crazy things we and the whole group of friends used to do and survived. (Ha Ha) Donna is one of those special ladies that put her mark on you and your heart and there she will stay forever. I love Donna Jean Breaux!! You are and will be forever, my special friend! I remember when I met Donna. She greeted me with her easy going grace and charm and welcomed me into their home. She offered me something to drink and a snack with that smile that was easy to get used to. I took her offer of something to drink and thanked her. She asked if I needed anything else and I again thanked her and said I was good. Then, with that same smile, she said...Fine..from now on you're no longer a guest in my house...you want something you get it yourself...! We all laughed and had a great evening together. From that point on I was never a guest, I was family. Donna and Ernie both took me under their wing and helped me when I was at my lowest. Donna was more like my sister than just my friend. She will always be a part of my life. I will miss talking with her and teasing her as I always would. Donna, thank you for letting me know you...I will miss you!

Donna has always been special to me. I can remember as a child visiting the Murray's in San Antonio. We always had great times. I also remember a time at a Family Reunion, we showed up to be told we no longer had the original cabins and family rooms that we had in fact reserved. Leave it to Donna. In her witty and crazy humor, she explained to the manager that he only had 1 option. He found us a place for the reunion there at the facility and a couple of family cabins for those of us who had our reservations cancelled without notice. As the Saturday evening gathering came to an end, Donna and Ernie (who provided the meat and fixing for the meal) loaded up to go back to their camper. As the rest of us adults came out of the family building we were bombarded by water balloons from all the kiddos. As I looked at Donna in the truck, she was laughing so hard I thought she would never stop as tears rolled down her face. I still think she was involved. I love you Donna and will miss your smile and infectious love and caring spirit. Jerry Paul
