Rose Mary, I will miss you and your humor..we have gone through a lot together..remember when I reared ended that guy and shocked you because it was the first time you heard me cuss (not the last) Charles has twisted his back (bad) and we can't make service which I hated until I realized I don't want a mental picture of you in a box. I prefer to have the image of you and me (two old broads) speeding down the interstate in your Tbird with the top down and guys honking at us, Christmas is right around the corner and we always talk about you and I having hubbies cut us a tree in Cloud Croft then discovering it was against the law, but we brought those trees home and had to cut them down several times before we could get them in our houses. Probably a good thing we didn't live closer for we would probably stayed in trouble. I could go on and on, but you know I loved you and cherished you as my friend Love you, galPat Wasson
