Georgia we became family many many years ago when our children fell in love. Not only did we become family, we became friends. We've been through so much together, made some great memories and I'm really going to miss you. I will forever hear you say "hey girl, what's up?". Rest in peace Georgia. We love you

Georgia we were like sisters, we shared so many wonderful times together, we worked together, played softball, traveled many places not only by ourselves, also with family and friends. We could talk about anything and we laughed so much. I miss you so much already, so in your words this is what I'm going to do, take one day at a time, roll with the flow. Greg and I were truly blessed to have been a part of of your life as well as our families. Give my Mom and Dad a big hug for me.

Mom, we love you and miss you so much. Your family and friends rallied around you to make your last days your best. We will never forget to take one day at a time because of your spirit that will live on in all your granddaughters and the lives of the people you touched. I am so glad that I was beside you when you took your last breathe. So many are awaiting you in Heaven — just like I said. The seven Spanish angels took another angel home.

Hey lady. I know you'll be the best "aunt" Sami can ask for. Give her a hug from nanna and know we love YOU to the moon and back. Jaam
