Oh Adolfo, this is truly breaking my heart to write this to you, just like it did with mom. I would much rather told you in person. But life decided another path for you that no one saw coming, son I remember the day I met you, we couldn't communicate with each other because I only spoke English and you only spoke Spanish, you must have been about 6 years old and to grow up and become a man, to me you will always be that little boy, It was always trouble with you 3 boys Michael and Phillip. But looking back on it now, I wouldn't have had it any other way. When you played baseball ,with Michael and was really good, then you would come to the football games with the kids and I, I look back now and I thank you for those beautiful memories. It's so hard to say good bye, you were taken from us way too soon, I'm truly sorry for that, I remember when Betito was little you always had him with you everywhere we went it was like you both were inseparable. He still cherishes you, Gosh I remember when Sofia and Monica had their 15th and sweet 16th, you and Michael got into so much trouble, we couldn't keep the both of you off the floor, and mom was fussing you and him because she wanted you and him to stay clean, you and Michael would just say ok and take off running again not a care in the world. Then you grow up and start your own life, that's just how life is, so you meet China and you start dating China, she is a lovely person, beautiful, nice, I'm so happy for you and life is life, everyone is just living I guess you can say, Fito I'm so sorry I didn't get to say good bye to you. I will always love you. China, I know this is a horrible situation and my heart goes out to you, My heart goes out to all of you. I still have a hard time trying to understand it. But you all will forever be in our hearts and we love you all. Fito, please give mom a big hug and a kiss for us, and give Leo a big hug. You may be gone but you will never be forgotten sweetie. God Bless You Son... We will see each other again. Until then.
