Comments

“ Just wanted to take a moment and send condolences to the family for such a great loss. I have stopped many times over the last 15 years, and reflected back to Aunt Dianne coming by our house when we were young and picking us up for church. I truly believe I wouldn't be where I am today without the inspiration and witness she provided. She came by and picked us up on good days and bad days. When she barely had gas to make it to church and when she had a full tank. She often stopped and picked up snacks and made us feel like one of her own kids. She probably never knew it, but I always remembered her and uncle Bills dedication to what they believed in. The generational faith that grandma instilled in her. So many times I jump in our church van to run get kids. On days where Im weary and I just don't want to go. Im reminded of someone who went the extra mile and dedicated a life to reaching others and to picking me and my brothers up so that we may hear the gospel. I told her years ago what an impact she had on me, and like so many others in our family she shrugged it off as part of the thread she was made of. What a testament to who she was. I will sincerely miss her....

Charles Scott and family.

“ Aunt Dianne,

I will miss you so much! You were always so much fun. I love that you loved me and always took time to make me feel special. Say "hello" to mama for me. What a reunion it will be in Heaven!!

To Kenneth, Theresa, and David.....I know the loss you are feeling right now so well. There are not enough words to speak that will fill the gap that your mom has left. I pray you find comfort in your family that is left and I know that God will wrap you in His loving arms. I love each of you dearly!

Your cousin,
Kim
